

# Bountiful HARVEST®

FOOD AS MOTHER NATURE INTENDED™

## KEY COMPONENT

in pizza applications  
which is one of America's  
number one segments

## HEALTH BENEFITS

High in Vitamin E and  
other antioxidants

## WEIGHT CONTROL

Key component in  
Mediterranean diet

## WHY BOUNTIFUL HARVEST?

- The Bountiful Harvest portfolio surpasses all single competitor brands with focus on product diversity including more than 650 items across frozen and canned fruits and vegetables, rice, speciality rice, and potatoes.
- Our brand ranks higher in rigorous quality standards than all other e-brands.
- Quality is a key requirement for our products with 50% of the brand in our high-quality to premium tier.
- Product is frozen at the peak of ripeness.
- Bountiful Harvest has incredible brand awareness, a broad portfolio, quality products, and is built to meet operator needs in today's environment.

## DID YOU KNOW?

Import olive processors use 3-5x the amount of ferrous gluconate, a food additive which imparts a uniform jet black color, leaving a metallic taste in the olives and a bitter smell.

## FEATURES AND BENEFITS

- Sizing of olives are uniform throughout each can.
- Character is high yield of pitted olives and whole slices.
- Color is consistent black skin from olive to olive, light tan pit cavity.
- Flavor is mild, mellow, ripe olive flavor.
